Information on the ratio surface area in contact with the foods / volume used:

Our products are standard packaging intended for all type of food contact for which it is not possible to calculate the real contact surface for all applications.

Consequently, the ratio surface in contact with the food / volume used to determine compliance of the material or object is 6dm² per kg of food.

This guarantee does not however extend to:

- any subsequent changes in the composition of the product covered by this declaration, resulting from the addition of substances of any kind whatsoever;
- usage that may result in a denatured material;
- inappropriate use of the materials;
- checking for mutual compatibility between the material and the packaged goods, which is the sole responsibility of the user of the packaging, and in particular for non-modification of the organoleptic properties of the packaged goods.

The industrial or commercial use of the products listed in this declaration is subordinated to the checking of their conformity to the standards in force as of their technical conformity compared to the use for which they are intended.

It should be noted that the product has been tested for the above mentioned forms of usage and conditions. Therefore, it will be the sole responsibility of the downstream users to determine that the usage of the product complies with the information given in this document and is safe, lawful and technically suitable so that no change in flavour, taste or **organoleptic properties** occurs. In case the product will be used in a different manner than tested, the information in this declaration of compliance will not apply and the downstream users shall be responsible for the compliance with the specific legislation and regulations.

The information included in this document is valid from the stated version until this document is superseded. Because of possible changes in the underlying legislation and regulations, as well as possible changes in the products, we cannot guarantee that the status of this document will remain unchanged. We, therefore recommend our customers to verify the regulatory status periodically by accessing your contact at Eurofresh NV. It will be renewed in all cases where the previous conformity is no longer ensured and in case of changes in the regulations.
